Complex Problem Solving with your Teams Collective Genius and Wisdom | Certified Executive Coach & CSA Supervisor | Facilitator & Trainer | 7X Author |

Greater Besancon Area

Summary

I help organisation solve complex problems with the facilitation skills and tools that awaken the collective genius and wisdom of your teams.

Perimeter : Worldwide/ Both in English and French.

Learn more about me on <https://linktr.ee/jeanfrancois.thiriet> or down below.

WHAT DO WE DO FOR OUR CLIENTS ?

Our clients say we helped them create collectively :

- ▶# More trust and fellowship
- ▶# More clarity
- ▶# More creativity and innovation
- ▶# More collective engagement & alignment
- ▶# Less conflicts

Through the right tools within the right context for the right outcome, we provide :

- ▶# Team Workshops
- ▶# Executive Committee Supervision
- ▶# Executive coaching
- ▶# Reflective Partnering
- ▶# Mastermind Experience
- ▶# Conflict Resolution

- ▶# Facilitation trainings
- ▶# Conscious Leadership trainings

And

- ▶# Keynotes on conscious leadership, collective intelligence, happiness at work and conflict resolution, based on our 6 books. See more : www.coaching-facilitation.fr/en

EXAMPLES OF INTERVENTIONS :

- ▶# DESIGN & FACILITATION of an international online open space tech with more than 300 people, 25 + nationalities, for the international association for generative change.
- ▶# FACILITATION of a Teambuilding event for the United Nations with 43 participants in Algeria and Morocco to help them learn to work together in a multicultural context.
- ▶# CODEVELOPER with @elisabethfalcone of the International MetoWe Index : index to measure readiness for collective intelligence in teams
- ▶# CODESIGN of the 1st Collective Intelligence MOOC in French speaking countries with more than 2100 participants.

WHY IT WORKS

During your meetings, workshops, or seminars, we provide the container and the tools for generative conversations that engage your team's creative mind and foster collective flow toward your goals.

UNIQUE EXPERIENCE

Worldwide, our generative tools use multiple intelligences (cognitive, emotional, somatic, metaphorical) that foster multiple perspectives

where solutions and innovations often hide. We also have a solid network of professionals that can come with us to help you.
